Claim # 837

FILED 01-14-2020
Western District of Washington

JAN 21 2020
MARK L. HATCHER, CLERK
OF THE BANKRUPTCY COURT

Honorable Judge Alston,

I strenuously object to
mailing^s purporting to be from
attornies, or their firms, allegedly
communicating notice requirements
to parties with interest in Case
No. 16-11767-CMA.

It appears that Mr. Fogarty and
his firm have never been authorized
by this court to communicate any
information regarding the debtors'
business, court proceedings, relationships

with creditors, vendors, employees, or any other entity whatsoever.

If Mr. Fogarty's, his firm or others are in fact communicating officially for the debtor, his companies, or this court without proper authorization

it is not inappropriate to both void such motion, and ^{that} sanctions ^{be} imposed in such severity ^{as} to dissuade and discourage similar activities

evermore. In the alternative

if authority has been granted

please withdraw such objection and

please clarify when such appointment

occurred on the record.

As I believe unauthorized communication purporting to be authentic can only further damage the integrity of the USBC, the trustees, the D.O.J and the system as a whole in both my eyes and the eyes of the public, I anticipate full clarification and resolution to these matter in the most amicable fashion.

Respectfully
